Insulated Sectional Garage Doors

The ultimate in performance

Sleek and stylish, a sectional garage door will transform the look of your home whilst making good use of space inside and out.

The insulated versions of the door have impressive thermal performance that help keep the weather at bay, making the garage space a pleasant environment all year-round.

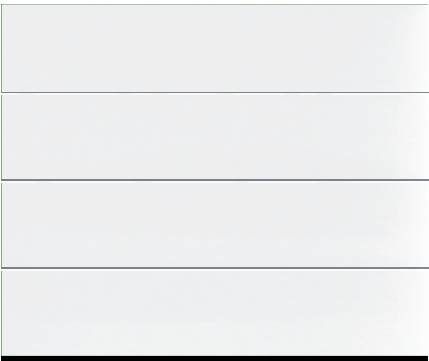

The attractive appearance of a door is the result of many small details like matching or complimenting frames and equally divided panels.

S-Ribbed

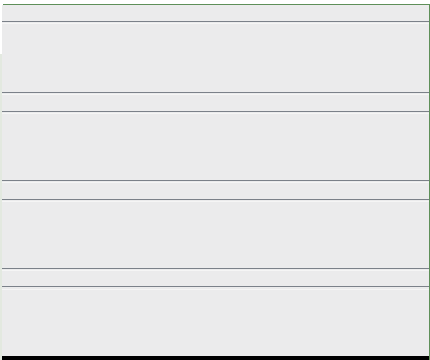

M-Ribbed

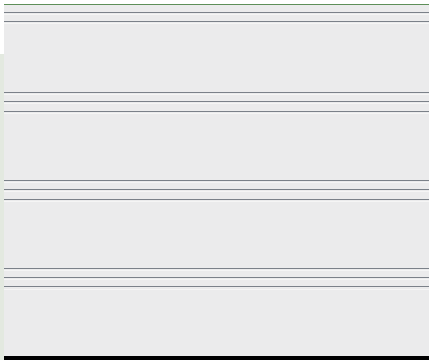

L-Ribbed

Panelled

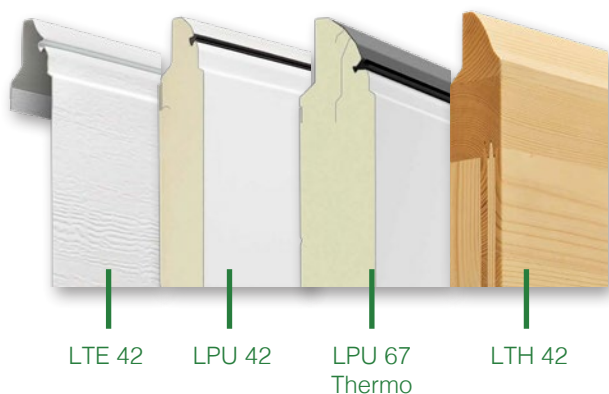

D-Ribbed

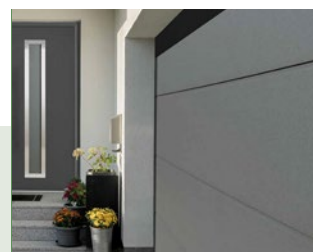

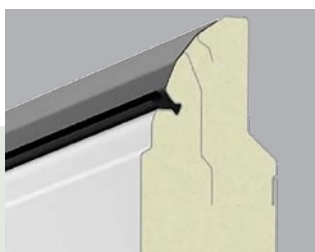

T-Ribbed

Panel Type

Sectional doors open vertically upwards and are suspended under the ceiling to save space.

Energy Saving

The LPU 42 & 67 Thermo offer excellent thermal insulation keeping you and your family warm.

Door Automation

Open with ease. Operate your garage door at the touch of a button via remote control automation.

Made to Last

The door is corrosion protected - plastic frame shoe covers are just one example of the details that make the doors last.

Certified Security

Get certified RC2 security as standard on the LPU 67 Thermo and optionally the LPU 42.

Insulated Sectional Garage Doors

Attractive and durable

With a range of classic and contemporary styles and over 50 finishes to choose from, its easy to match your door to your homes aesthetics.

RAL Colours

Doors can also be coloured to any RAL shade

Solid Panel Design

Doors are designed to have excellent strength, rigidity and resistance to corrosion.

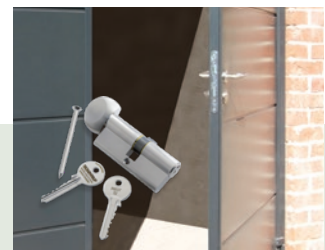

Endless Customization

From colour to windows, choose from an array of options to make your door yours!

High Quality Finishes

From stainless steel handles to high quality hinges, its all in the detail.

Secure

Each door includes security keys and a stainless steel strike plate & steel lock keep box for added attack resistance.

Garage Door Automation

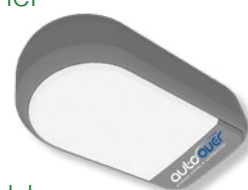

Modern design paired with cutting edge technology. Our own Auto Over garage door drive combines sophisticated product design with the highest quality standards.

What's included?

1 x Garage Door Opener

Reliable and quiet garage door drive in a modern design.

2 x 4-Channel Handheld Transmitters

Controls up to four drives. Compact and quick access.

1 x Wireless Remote Control Button

Controls up to two drives. Conveniently open and close the garage door without a remote control or key. Simple, wireless installation.

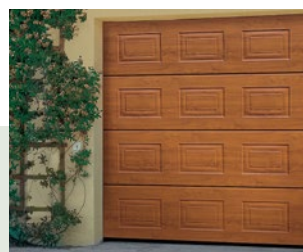

Fast Opening

With an opening speed of max 200 mm/s, this drive is a brilliant performer.

Quiet

The drive is quiet and calm thanks to a DC motor and the tooth belt.

Sustainable

The low stand-by consumption contributes to sustainability.

Easy Operation

Open with the touch of a button or automate from your smart phone!

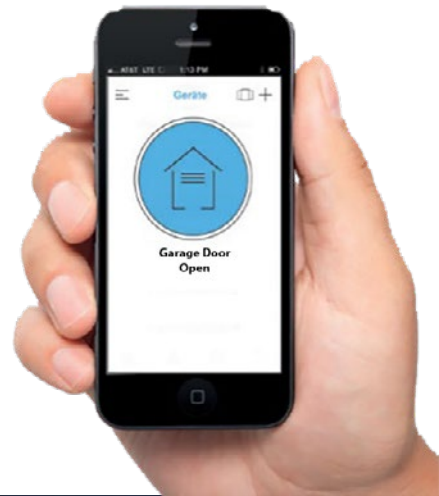

myQ Box

Light Barrier

Effortlessly easy!

The myQ option allows you to control and monitor your smart home from anywhere in the world!* myQ Connects your garage door drive to the Internet via the router, thus allowing it to be integrated in a smart home.

*Requires a light barrier for safe remote operation.

Secure

Security+ 2.0: patented wireless technology: the most powerful that Auto-Over has ever offered.

Smart Home
